

Become a Wireless Hotspot

Take advantage of the growing demand for WiFi

"stay connected"

What is a Hotspot?

A hotspot is a site covered by wireless internet supplied from a local area network (LAN). This internet is made available to the public or your customers and referred to as a Wifi Hotspot.

Why do people use Hotspots?

There are many good reasons why people use WiFi Hotspots. Here's just a few:

- ✓ No contracts
- ✓ Faster and cheaper than 3G & 4G mobile networks
- ✓ No hardware or USB devices required
- ✓ Free from the already congested mobile networks
- ✓ Supports roaming

Why become a partner?

We are partnered with a wide range of organisations and businesses - many of them are well known brand names - in locations including hotels, apartment blocks, cafes/coffee shops, railway stations, conference centers, exhibition venues, law courts, shopping centers, caravan parks, ports, airports and roadhouse service stations.

"Wireless Internet can't get any easier"

Partner Benefits

When you partner with us at Yourhub Hotspots you'll be able to take advantage of the growing use of wireless-enabled devices such as mobile phones, iPads, iPhones, iPods, Laptops and many other wireless devices. By installing your own Yourhub Hotspot you can enjoy:

- ✓ Commission from selling Yourhub Hotspot prepaid vouchers
- ✓ Commission from online purchases and recharges
- ✓ 24/7 support for your customers
- ✓ Attract millions of new customers, including iPhone and other smart phone users
- ✓ Advertising exposure over the Yourhub Hotspot Network
- ✓ Increased sales and customer loyalty
- ✓ Increased Revenue

Instant Hotspot Kits

Partners can purchase instant Hotspot kits from just \$399.00AUD including shipping. The Kit comes complete with wall mount and \$100.00 worth of prepaid vouchers to get you started, no configuration is necessary.

All you have to do is plug it in and we'll do the rest, leaving you to get back to what you do best and enjoy the benefits of being a Yourhub Hotspot partner.
